

Where in Pittsford have *you* seen wildlife?

Please use the following symbols to indicate on the map the location and type of wildlife that you have seen:

- | | | |
|--------------|-----------------|-------------|
| ▲ Black bear | ● Otter | — Gray Fox |
| ★ Bobcat | ☾ Mink | ∞ Red Fox |
| ◆ Fisher | ⚡ Coyote | Other _____ |
| ♣ Moose | ⊕ Mountain Lion | |

While white-tailed deer are certainly important to the community, sightings of deer and other more common animals may overwhelm our maps, so we are not including them here. When including wildlife signs such as tracks and scratch marks, please attach a photo, if possible.
